Nomad 65 SUV

Welcome to the Adventure

-  4 GUEST CABINS / 2 CREW CABINS
-  27 KNOTS MAXIMUM SPEED

There are only a handful of yachts at 65 feet (20m) that can be transoceanic, and the Nomad 65 SUV is no exception. Taking a lot of pedigree from her Nomad 65 sistership, a model currently cruising in Sydney, South East Asia, Middle East and Europe, the Nomad 65 SUV offers extra sleeping berths and not just consumes less fuel, but also some of its accessories are run on solar power. The Nomad 65 SUV is built using advance composites to reduce weight and ownership cost as well as increase stability.
