## Construction

The hull and deck are made out of a single piece GRP mould, built from combination of chopped strand mat, bi-directional knit fabric and balsa core hand-laminated under controlled temperatures with Isophthalic polyester resin.

The hull and deck exterior have got mirror glaze gel-coat finish.

The hull is stiffened with GRP moulded frames filled with polyurethane and bonded to hull bottom.

On the deck balsa is replaced with plywood to support deck fittings.

All materials used in the construction are approved marine quality.

Basic hull colour: white
