Construction

The hull and deck are made out of a single piece GRP mould, built from combination of chopped strand mat, bi-directional knit fabric and balsa core hand-laminated under controlled temperatures with Isophthalic polyester resin.

The hull and deck exterior have got mirror glaze gel-coat finish.

The hull is stiffened with marine plywood laminated over & bonded to hull bottom

On the deck balsa is replaced with plywood to support deck fittings.

All materials used in the construction are approved marine quality.

Hull colour: White (standard), color choices (optional)
